We develop, produce and distribute an extensive range of stripping tools. This includes cable knives, wire strippers, dismantling and multi-functional tools. Our tools have been developed for accurate, fast and safe stripping of all common cable types. They carry the GS seal of TÜV Nord and were developed under the aspects of work safety. The tools are specifically tailored to the needs of professional users, are found in both, crafts and industrial use, and are also suitable for domestic use.

Besides the WEICON TOOLS, WEICON produces special chemo-technical products for the industry. The product range of the company includes special adhesives and sealants, technical sprays as well as high performance assembly pastes and greases for all areas of industry - from the production, repair and maintenance to servicing.

The company headquarters are located in Muenster, Germany. WEICON has subsidiaries in Dubai, Canada, Turkey, Romania, South Africa, Singapore, the Czech Republic, Spain and in Italy and is represented by WEICON partners in more than 100 countries all over the world.

WEICON TOOLS®

No.1 in Form & Funktion

WEICON TOOLS®

We develop, manufacture and distribute high-quality wire stripping and other special tools for the industry and professional users and can look back on almost 50 years of success by now.

We present these tools at more than 40 fairs and trade shows every year, all over the world. We keep in constant contact with our users, who tell us about new developments in their work processes and, that way, give us ideas and requests for new or improved WEICON TOOLS. This exchange of information generates a process that regularly results in product innovations and modifications and therefore enables us to constantly offer our customers the perfectly engineered and up-to-date solutions they need.

made in Germany

We produce SUSTAINABLY

Gradual change of all WEICON TOOLS packaging

Since the beginning of 2020, we have been packaging our WEICON TOOLS products in recyclable cardboard boxes. These will come in three different sizes in the future to protect all tools produced by our Muenster-based family business.

> Thanks to switching to cardboard packaging, we eliminate plastic completely. That way, we reduce our use of plastic by more than six tonnes each year.
>
> *Ralph Weidling*
> *CEO*
> *WEICON GmbH & Co. KG*

Why we eliminate plastic

Sustainability and saving resources are important issues today and will continue to be in the future. The human population is already leaving tonnes of waste even in the remotest places of the world.

As a company, we see our social responsibility in optimising our processes to make them as eco-friendly as possible and to reduce our ecological footprint. Switching from plastic to cardboard packaging is feasible without impacting functionality and thus, it's an important step into a green future!

Always local –
'made in Germany' is not an empty promise

Not new, but still an important aspect in terms of climate change:
our WEICON TOOLS are produced entirely in Ascheberg close to Muenster.
In this day and age, where many companies have outsourced the manufacturing of their products to Asia, that is quite rare.

In Ascheberg, our WEICON TOOLS are manufactured almost entirely with self-generated energy. Even faulty products aren't disposed, but remelted and reused early in the production process.

Quality ‘made in Germany’

WEICON and Krampe

In the development of our high-quality stripping tools, we have been working together with the company Krampe from Ascheberg-Herbern near Muenster since 1990.

Our consistent key focus in the production process is on precision to ensure that the products we offer are always of exceptional quality.

Our products are made of high-quality materials, carry numerous certificates and are characterised by their outstanding functionality and durability.

"We are very pleased to have had such a reliable and innovative partner in the company Krampe for many years. We are planning to intensify our cooperation in the future to further strengthen and develop our market position," says Ralph Weidling, CEO of WEICON GmbH & Co. KG.

Cable Strippers S 4 - 28

- completely ergonomic & fully insulated
- continuous regulation and easy to operate adjusting wheel
- precise, quick and safe stripping

EU.Pat.no. 07114242.6

Working range 4 - 28 mm Ø

Our S 4 - 28 range is certainly something special. There are no other comparable tools on the market. The right cable stripper can be found for almost any application area thanks to the different types.

Its extraordinary shape ensures a safe and comfortable grip. Furthermore, the retractable blade of the S 4 - 28 is a milestone in the area of safety at work.

Gerold Specking
Product Manager

reddot winner 2020

Precision Wire Stripper S NEW

Fast, easy and precise stripping of thin wires and conductors

- stripping range from 0.12 mm - 0.8 mm (36 - 20 AWG)
- scanning system adjusts automatically to the required wire diameter
- precise working thanks to adjustable length stop from 5 - 45 mm
- professional stripping technology, suitable for right- and left-handed users

mm	g	Round cables	Ø	Art.-No.
112	45	flexible solid	0.12 mm - 0.8 mm	51000002

Stripping Tools

Our stripping tools enable the safe and convenient stripping of a range of different cable types.

The flexible tools can even be used in areas difficult to access and always provide precise results.

Round Cable Stripper No. 13

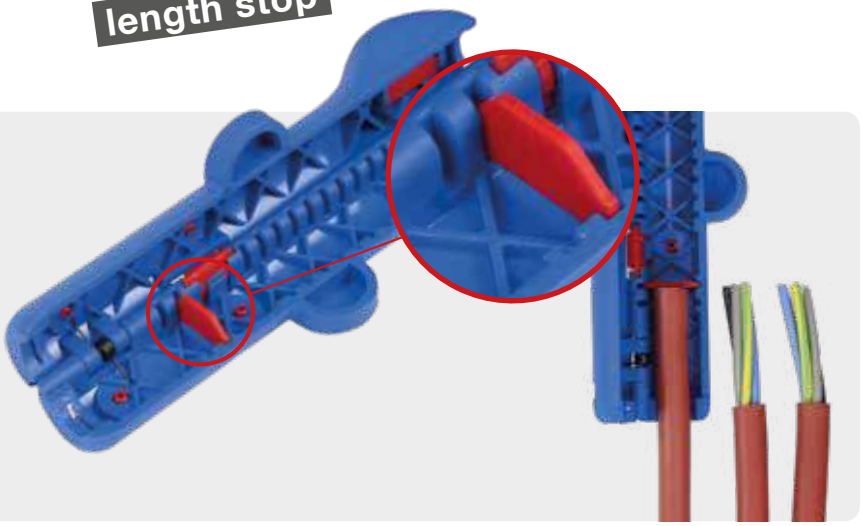

Safe work with the ergonomic anti-slip handle shape

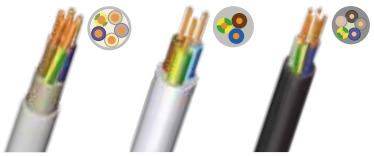

- for all standard round cables
- flush stripping, even in hard-to-reach areas
- it is not necessary to adjust the cutting depth

mm	g	mm²	Ømm	Art.-No.
140	48	-	6 - 13	52000013

Now with length stop

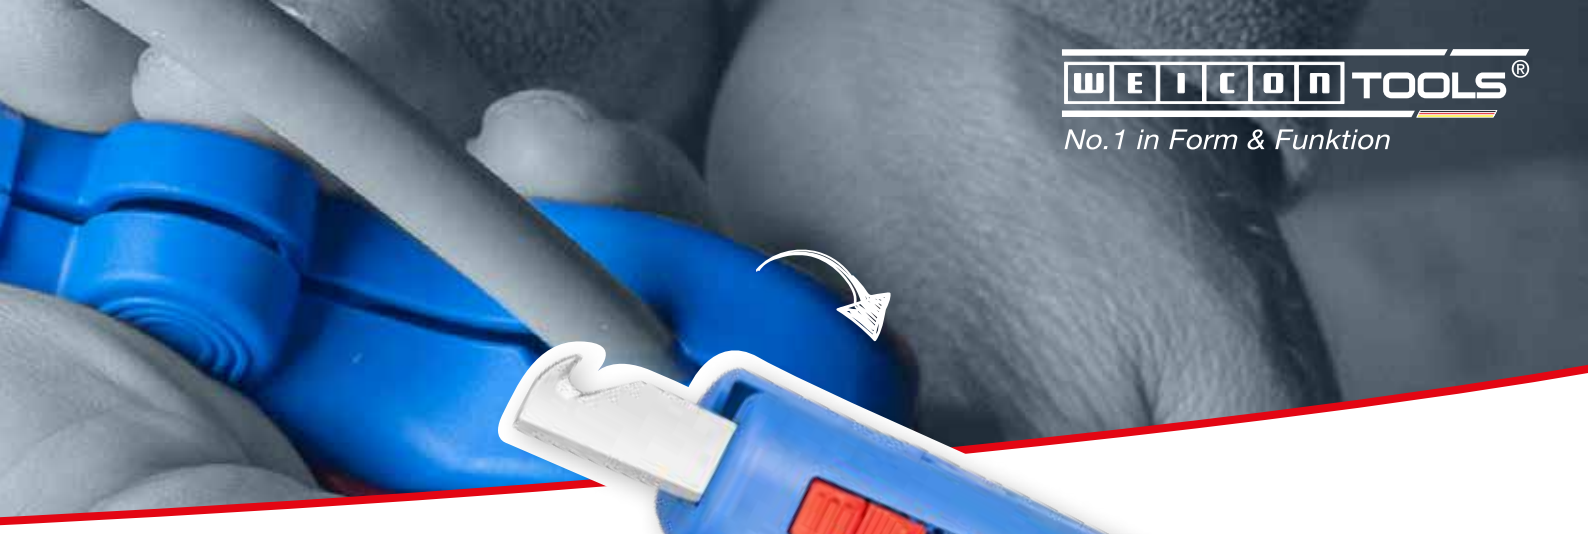

Round Cable Stripper No. 13 Classic

Safe work with the ergonomic anti-slip handle shape

- for all standard round cables
- flush stripping, even in hard-to-reach areas
- it is not necessary to adjust the cutting depth

mm	g	mm²	Ømm	Art.-No.
120	44	-	8 - 13	52003013

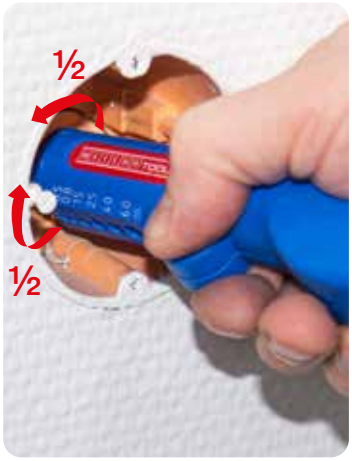

Quadro-Stripper No. 16

Multifunctional with optimised cable routing

- circular and longitudinal cutting - stripping - cutting
- exchangeable hook blade, firmly locked in any position
- anti-slip handle shape

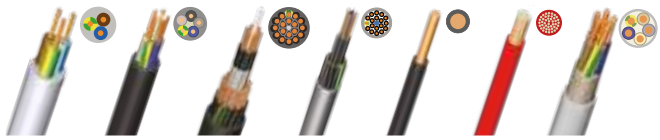

mm	g	mm²	Ømm	Art.-No.
125	53	0.5 - 6 (20 - 10 AWG)	8 - 13	52000016

No. 16, 13 and 10 are particularly easy to handle thanks to their design. The ergonomic design ensures a safe gripping of the tool, so you won't slip off.

This makes daily work easier and also increases work safety.

125	47	for compression connectors*	4.0 - 5.0	52002001

*for mini coaxial cables

VIDEO

MODIFIED DESIGN

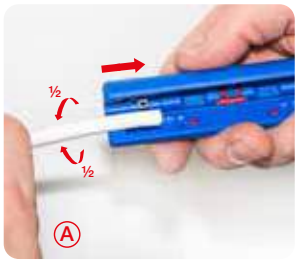

Coax-Stripper No. 2

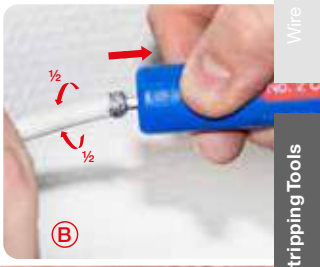

Good handling due to ergonomic design

- two-level stripping of all common coaxial cables
- there is no need to adjust the cutting depth
- also suitable for flexible cables
- length scale (0 - 17 mm) integrated in the housing

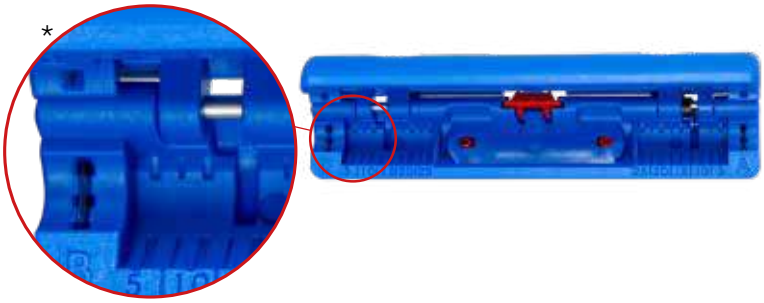

mm	g	mm²	Ømm	Art.-No.
110	28	-	4.8 - 7.5	52000002

Combi-Coax No. 3

Parallel blade arrangement allows even faster stripping

- allows two- or three-level stripping of all common coaxial cables
- also suitable for flexible cables
- integrated and well accessible side cutter up to 8 mm Ø

mm	g	mm²	Ømm	Art.-No.
125	55	-	4.8 - 7.5	52000003

Stripping Tools

Our stripping tools enable the safe and convenient stripping of a range of different cable types.

The flexible tools can even be used in areas difficult to access and always provide precise results.

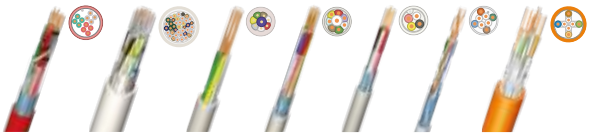

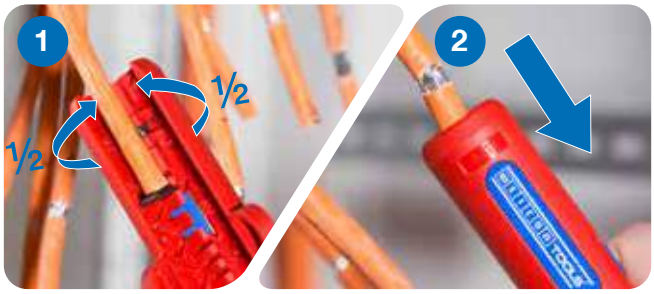

Cat Cable-Stripper No. 10

Easy and space-saving stripping of data and network cables

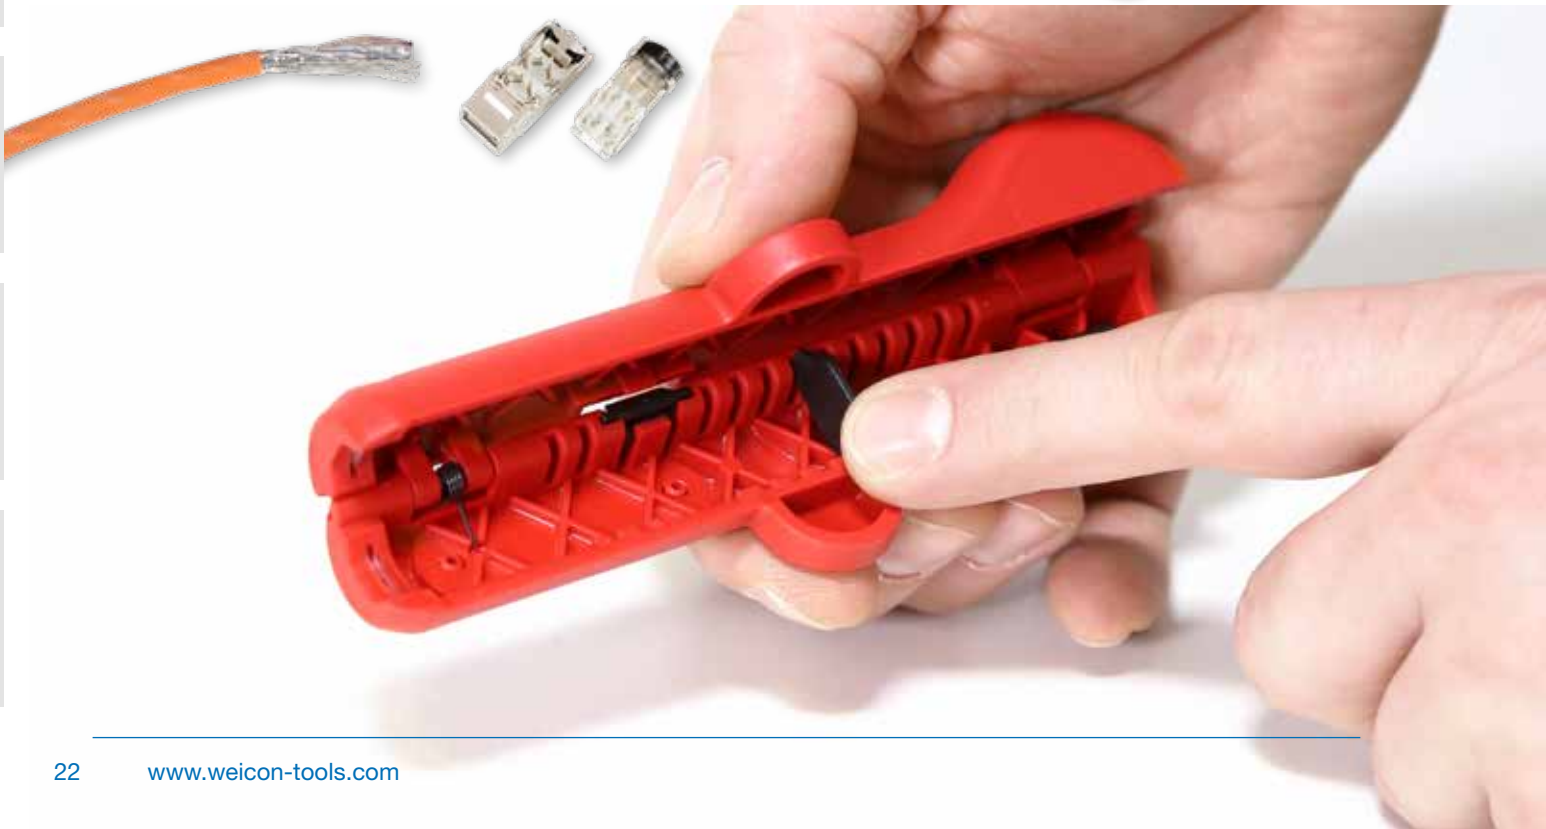

- suitable for e.g. Cat5, Cat6, Cat7 twisted-pair cables (4.5 - 10mm Ø)
- integrated length stop, adjustable to the required length
- safe work with the ergonomic anti-slip handle shape

mm	g	mm²	Ømm	Art.-No.
140	48	-	4.5 - 10	52000010

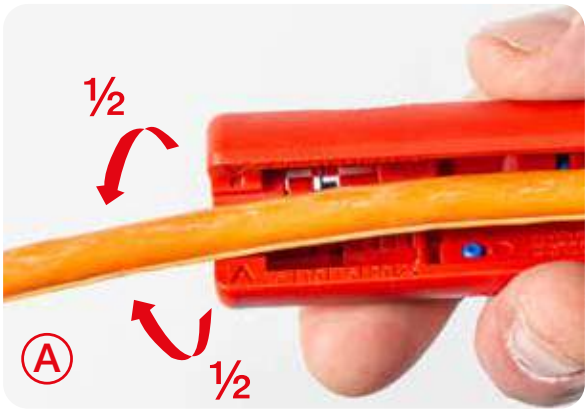

Stripper No. 2 Cat NEW

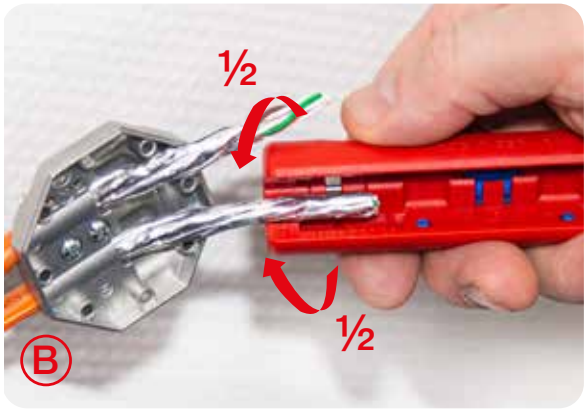

Easy handling thanks to ergonomic shape

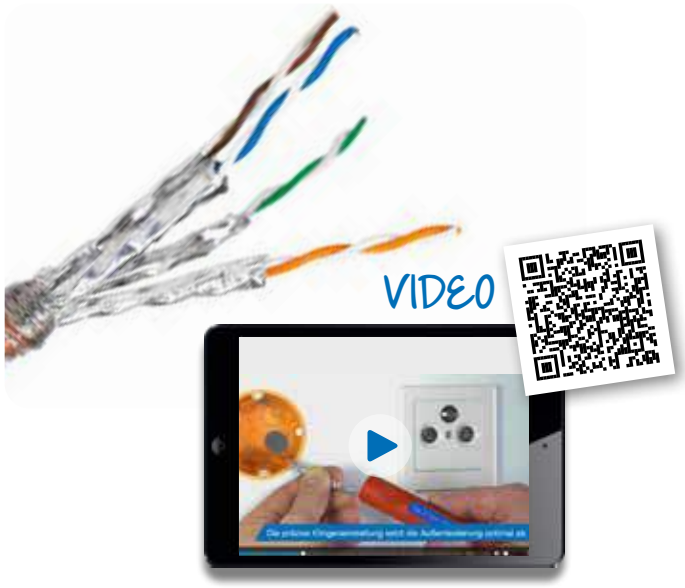

- for insulated PVC data cables (e.g. Cat5, Cat6, Cat7, twisted-pair cables) with a diameter of 4.5 -10 mm
- adjusting the cutting depth manually is not necessary
- the precise adjustment of the blade removes the outer jacket accurately; with the second blade, the foil shield is slit open carefully and can then be easily removed

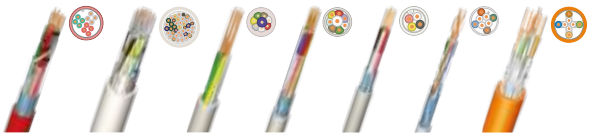

mm	g	mm²	Ømm	Art.-No.
110	28	-	4.5 - 10	52002002

Electrical Installation Sets

Industrial solutions for the skilled trades:
Electrical I Heating/Plumbing I Customer Care I Automotive I Refrigeration/Air Conditioning I Radio and Television I Home and Hobby

Electrical Installation Set 1

- **Duo-Crimp No. 300**
- **Round Cable Stripper No. 13**

- professional crimping of wire ends
- two crimping ranges of 0.5 - 2.5 mm² and 4.0 - 6.0 mm²
- meets the requirements of DIN 46228-21: 1992-02 concerning the pull-off forces
- side cutter for single wires of up to 6 mm²
- stripping of 0.5 - 6.0 mm²
- dismantling of all common round cables 6 - 13 mm
- flush dismantling e.g. at junction and distribution boxes

Art.-No.
52881001

Electrical Installation Set 2

- **Wire Stripper No. 5**
- **Cable Stripper No. S 4-28**

- automatic wire stripper for 0.2 - 6.0 mm²
- side cutter for single wires of up to 2 mm ø
- adjustable length stop for defined distances at e.g. WAGO-Clamps
- cable stripper with working range of 4 - 28 mm
- adjustable cutting blade for round and longitudinal cutting
- ideal for the construction of switchboards

Art.-No.
52881002

Electrical Installation Set 3

- **Wire Stripper No. 5**
- **Coax-Stripper No. 2**

- automatic wire stripper for 0.2 - 6.0 mm²
- side cutter for single wires of up to 2 mm ø
- adjustable length stop for defined distances at e.g. connection terminals
- two-level stripping of all common coaxial cables
- ideal for the installation of SAT systems with multi switches
- length scale integrated in the housing, e.g. for F-connectors
- adjustment of cutting depth not necessary

Art.-No.
52881003

Electrical Installation Set 4

- **Wire Stripper No. 5**
- **Round Cable Stripper No. 13**

- automatic wire stripper for 0.2 - 6.0 mm²
- side cutter for single wires of up to 2 mm ø
- adjustable length stop for e.g. special distances
- dismantling of all common round cables from 6 - 13 mm
- flush dismantling, e.g. at junction and distribution boxes

Special Tools

For a series of unusual applications, we provide you with special tools which meet these requirements. Wheter it is the dismantling of large cable diameters, tools for the solar industry or working on high voltage cables, WEICON TOOLS has the solution!

Especially for the solar sector

Mini Solar No. 3

Special tools for dismantling and stripping of all common cables in the solar sector

- quick stripping of all common solar cables with outer diameters from 1.5 mm² to 6 mm²
- precise work with adjustable length stop (6 - 28 mm)
- integrated, well accessible side cutter up to 4 mm²

mm	g	mm²	Ømm	Art.-No.
125	58	1.5 - 6 (15 - 9 AWG)	-	52002003

Wire Stripper No. 7 Solar

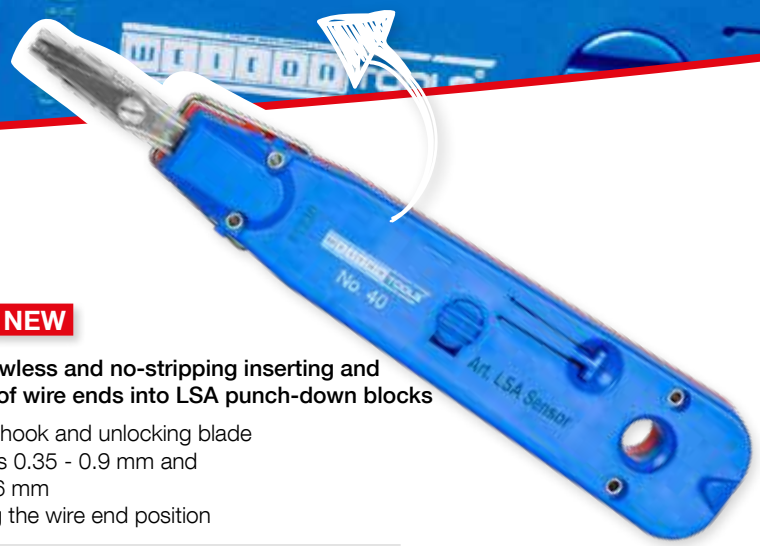

Special tools for dismantling and stripping of all common cables in the solar sector

- automatic wire stripper
- precise work with optical length scale (up to 26 mm)
- integrated, well accessible side cutter up to 3 mm Ø

mm	g		mm²	Art.-No.
170	218	Solar cable	1.5 - 6 (15 - 9 AWG)	51002007

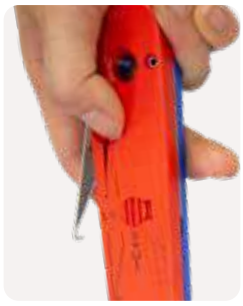

LSA Sensor No. 40 NEW

For the solderless, screwless and no-stripping inserting and simultaneously cutting of wire ends into LSA punch-down blocks

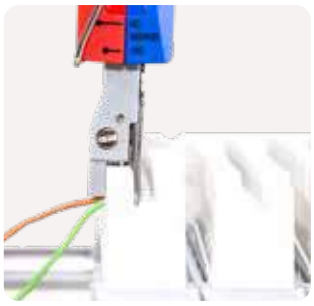

- with built-in retractable hook and unlocking blade
- for conductor diameters 0.35 - 0.9 mm and wire diameters 0.7 - 2.6 mm
- has a sensor for tracing the wire end position

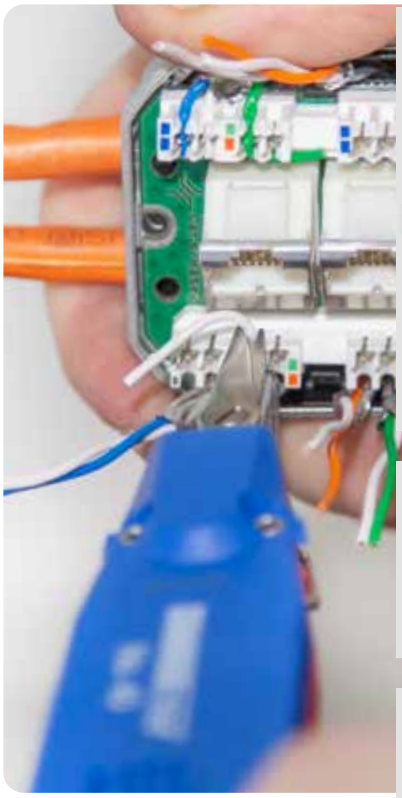

mm	g	Ømm	Art.-No.
185	60	0,35 - 0,9	52000040

Cable Scissors No. 35

Cutting - stripping - crimping

- 2-component handles for increased safety
- high cutting performance
- blades made of special stainless steel

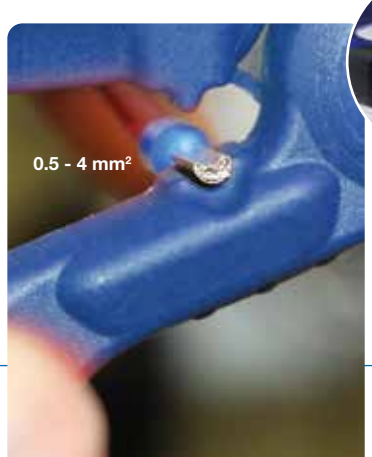

mm	g	Cu/Al	Cu/Al	Art.-No.
150	90	<35 mm²	<50 mm²	52000035

- conductor protection with the curved blade tip
- good transfer of force due to optimised handle shape

mm	g	Art.-No.
215	93	51001000

**Tools with safety insulation are basic prerequisites for working on equipment under voltage. Please always pay attention to the legal regulations and follow the corresponding safety advice!*

Multi-Opener

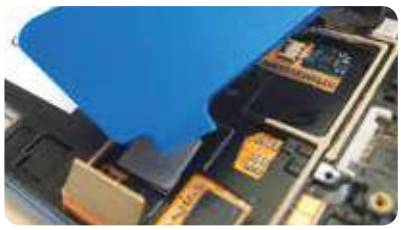

ESD

The ideal tool for the gentle opening of sensitive equipment and dismounting of clipped housings

- no scratching of sensitive surfaces
- conductive ESD material protects against electrostatic discharge
- flexible fibreglass-reinforced polyamide
- stainless steel blade to remove adhesive residues

mm	g	Surface Resistance	Art.-No.
180	22	approx. 10^9 Ω	52800000

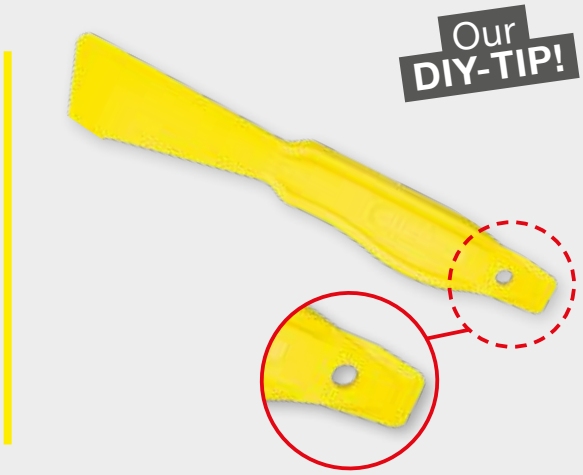

Easy Opener®

Special tool for the gentle disassembly of sensitive components without damaging the material

- ideal for loosening switches, luminaires or similar components
- flexible and stable at the same time
- three surfaces with different material thickness

mm	g	Art.-No.
180	22	52800001

WEICON TOOLS® **Cable Overview**

The cable types shown in the table below are only meant to give an overview of the potential application areas of our tools. WEICON TOOLS can also be used on similar cable types in many cases, of course. Furthermore, the application suggestions depend on the material, application area and working range. Our tool recommendation is only a suggestion due to the various materials used by cable manufacturers.

Cable	Name	Example	Suggested application Dismantling	Suggested Application Stripping
	PVC - coated conductor	(N)YM	All Cable Strippers, No. 13, No. 16, No. 100, No. 200, No. 400, No. 7 Magic	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 400, No. 200
	PVC - sheathed cable for low mechanical loads	H05VV-F	All Cable Strippers (working range from 4 mm) , No. 3, No. 200, No. 7 Magic	No. 2, No. 3, No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400,
	Rubber tube conductor for light mechanical loads	H05RR-F	All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	Rubber - control line	(N)FLGöu	All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400,	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC - construction cables	XYMM K3	All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC - control line		All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400,	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC - control line oil resistant	73H05VV5-F	All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400,	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC - motor connection cables	SLM 0,6/1 kV	All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400,	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC - sheathed cable for medium mechanical loads	H05VV-F	All Cable Strippers, No. 7 Magic, No. 13, No. 16, No. 100, No. 200, No. 400,	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC insulated high voltage cables, single and multi-core cables	E-YY	No. 25, No. 1000	---
	PVC insulated cables with aluminium conductor	E-AYY	No. 25, No. 1000	---
	PVC insulated telecommunications sheathed wires 0,6 mm	YYSch	No. 7 Magic	No. 5, No. 6, No. 7 Magic, No. 7-F, Precision Wire Stripper S
	PVC insulated telecommunications sheathed wires 0,8 mm	YR	No. 7 Magic	No. 5, No. 6, No. 7 Magic, No. 7-F, Precision Wire Stripper S
	PVC - single wire core conductor	H05V-U	---	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 400
	PVC - multiple wire core conductor	H07V-R	---	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 100
	PVC - fine wire core conductor	H05V-K	---	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 300, No. 400, Precision Wire Stripper S
	PVC - wiring conductor fine wire	H07V-K	---	No. S 4 - 28 Multi, No. 5, No. 6, No. 7 Magic, No. 7-F, No. 16, No. 100, No. 200, No. 300, No. 400, Precision Wire Stripper S

Cable	Name	Example	Suggested application Dismantling	Suggested Application Stripping
	PVC ignition cable e.g. in the vehicle industry	AYZL	---	No. 2, No. 3
	Coaxial cables for the transmission of high frequency signals and conductors	RG 59 B/U	No. 1, No. 2, No. 3, No. 100	No. 1, No. 2, No. 3, No. 100
	Coaxial cables (SAT compatible)	2YALGY	No. 1, No. 2, No. 3, No. 100	No. 1, No. 2, No. 3, No. 100
	Special PVC loud speaker cable	26 LFZ-XY	---	No. 7 Magic, No. 7-F
	PVC twin conductor	(H)03VH-H	---	No. 7 Magic, No. 7-F
	PVC flat twin and earth cable		No. 7-F	No. 7-F
	Flat rubber cables for medium mechanical loads		No. 7-F	No. 7-F
	Solar cables	H1Z2Z2-K	Mini-Solar No. 3, No. 7 Solar	Mini-Solar No. 3, No. 7 Solar
	Installation cables for fire alarm systems	JB-Y(ST)Y	No. 2 Cat, No. 10, No. 30	No. 30
	Installation cables for telecommunications systems	F-vYAY	No. 2 Cat, No. 10, No. 30	No. 30, Precision Wire Stripper S
	Electronic - control lines	LiYY	No. 2 Cat, No. 10, No. 30	No. 30, Precision Wire Stripper S
	Installation cables for industry electronics	JE-Y(ST)Y Bd	No. 2 Cat, No. 10, No. 30	No. 30, Precision Wire Stripper S
	BUS cable		No. 2 Cat, No. 10, No. 30	No. 30
	Patch cable with film shield for local networks	LAN 200flex	No. 2 Cat, No. 10, No. 30	No. 30
	Data cable (Cat 7)	LAN 1000	No. 2 Cat, No. 10, No. 30	No. 30
	Rubber core conductor with higher heat resistance	A07RN-R	---	No. 2, No. 3
	Silicone core conductor	SiF	---	No. 2, No. 3
